Crew information:

As unbelievable as it sounds some crew have the impression that a few skippers leave them a bit in the dark regarding meals, regatta clothing and other important information about the KOG regatta. Of course, we do not believe this “fake news”.

HOWEVER – an easy solution is to let your crew, media team, boat maintenance group, sponsors, family, sailmakers, sport psychologists and sports scientists know that all KOG emails are posted to our KOG website. [HERE](#).

This should take the pressure of skippers. If crew or partners are especially keen, get them to email me admin@myasa.asn.au with the words “Add Me” and I will add them to our email list.

Meal Bookings:

We are currently finalising catering arrangements at Port Vincent with local service and sporting groups. We expect these details to be finalised soon and the web site will be available for you to make meal bookings from the 18th October.

UNSUBSCRIBE:

If you are not interested in receiving these emails, please return email me with the word **UNSUBSCRIBE** and I will remove you off our list. We apologise for any inconvenience.
