Skipper's Handbook

Welcome from the KOG Chairman:

Hello and welcome. On behalf of the King of the Gulf committee, I would like to welcome all competitors and their friends to the eighth running of the King of the Gulf sailing regatta. The event has rapidly gained a reputation for not only having the best sailing but also excellent wine and the best gourmet food available, all built around an inclusive and hospitable vibe.

As you all know, we have had to change our plans this year in the light of both COVID restrictions and managing COVID risk so we will not be able to partake of the flat-water racing at Port Vincent. We very much hope that we will be able to return next year.

So, for this year we will be sailing out of the Royal South Australian Yacht Squadron. We have designed the racing programme to mimic the Port Vincent event as closely as possible. Weather permitting, we plan to run our signature Friday offshore race down the city coastline to generate some media attention.

Hopefully the convenience of sailing locally has encouraged some to try the event for the first time. The social and meals programme will be somewhat curtailed compared to our usual marquee central. But, we will be doing our best to provide as much of the after race socialising as we can that the regatta has become renowned for. Our plan is to stream briefings and pre-race briefings by zoom as well as being live so you can take part from your boat. And we are working with the Squadron to see how best we can provide the best meals we can in the circumstances.

For the second year, the event is a partnership between the Royal South Australian Yacht Squadron and the Multihull Yacht Association of South Australia, an arrangement that is working well and that we plan to continue.

Our regatta has some excellent sponsors including North Haven Marine, Axis Sports, Greg Patten and Wireless Communications as well as Scott Newman and the 35 South Marina team and Hardy's Wines. Without our sponsors support the regatta wouldn't happen, so thank you to all our sponsors for their contributions. Also, a big thank you to our race management crew and to all our volunteers.

We hope for fantastic weather and some friendly and fast competition. We have our regular 3 divisions, cruising, monohull racing and multihull racing. With our change in venue and the deeper waters, we are also offering a Division Zero for the faster monohull racing boats. The multihulls will be competing for the SA State Championships. We welcome all the interstate yachts, and we hope you enjoy our hospitality and racing.

We will be continuing with the Team's Trophy with mixed mono and multi teams assigned together which always proves to be popular. Think of it as along the lines of a mini-Admiral's Cup!

I'm looking forward to catching up with old friends as well as making many new friends over the duration of the regatta. On behalf of all of us involved in organising the event, we hope that you have a great time, and that we can return to Port Vincent next year.

Iain MacDougall
President, MYASA
